

Testing

Description	Status
Prediction using LSTM	Positive
Processing raw data in usable format	Positive
Predicting the class the movie for next day	Positive
Predicting the number of request of hits for a movie next day	Positive
Taking input of data about the movie whose prediction is to be made	Positive
Prediction using XGBoost	Positive
Predict movies based on Genres	Positive
Save model for further use	Positive
CLI tool to easy make predictions	Positive
Python API	Positive
